

FAMSEED

CATALOUGE OF VEGETABLES

2018/2020

Dear customers,

We present to you a new catalogue of products from the Fam seed company for seasons 2018 – 2020.

You can find varieties for professional producers and processors.

The catalogue also presents our latest varieties which have just been included into the assortment. Most of these varieties are the result of professional work of our breeders and many other employees of the firm.

Fam seed currently maintains more than 25 varieties of vegetables. Our varieties for the professional market are supplied directly from a central warehouse in Noord-Holland or through our official dealers.

Upon your request, we can make you an offer or send you a current price list. Our varieties, as part of their products, are also supplied to the Dutch market. Since 2012, we have broadened the offer with our own product.

For more information including the price lists and assortment go to our website www.famseed.com All your questions and orders you can send directly to e-mail address: sales@famseed.com. Dear customers, we believe that you will find the exact variety that you are looking for in this catalogue.

In the future, we would like to continue to be a fair and reliable partner, a purely Dutch company which has been on the market since 2010.

We are offering a tried-and-tested quality and we will be pleased if our offer is of any interest to you so we can become long term business partners. We wish you a lot of success in growing.
